DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 2-5 are rejected under 35 U.S.C. 102(b) as being anticipated by Ogata JP-2002-285506.
3. The rejection is maintained in view of the "Response to Arguments" set forth below.

Response to Arguments

4. Applicant's arguments filed 2/23/09 have been fully considered but they are not persuasive. Since claim 2 says "comprising" the claim is open to any other ingredients, including asphalt. Ogata JP-2002-285506 in claim 2, discloses a mixed solvent named "EKUSUTORAKUTO". In paragraph 0017 "solvent EKUSUTORAKUTO" is defined as follows: "Solvent EKUSUTORAKUTO means the component which was rich in the aromatic hydrocarbon extracted from vacuum distillation residue oil with a solvent in the solvent extraction process which is one of the processes which refines a mineral oil system lubricating oil here". The rejection stands.

Claim Objections

5. Claim 2 is objected to because of the following informalities: The claim does not make sense. The examiner believes that the "to" in line 2, should be changed to an "and". Appropriate correction is required.

Specification

6. The disclosure is objected to because of the following: Paragraphs 0016-0026 refer to claims by numbers and these numbers will be changed when the application is approved to issue. No compositions or properties described in the specification should be referred to by claim numbers.

Appropriate correction is required.

Allowable Subject Matter

7. Claim 6 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
